You find it here
You find it everywhere
It's always there
I'm drivin' everywhere

You find it everywhere
You find it everywhere
You find it everywhere

Beyond the glare
There's burnin' everywhere
We stop and stare
I'm falling every stair

You find it everywhere
You find it everywhere
You find it everywhere

So take me there
I really just don't care
Down at the fair
We'll find them everywhere

You find it everywhere
You find it everywhere
You find it everywhere

The clothes you wear
You find them everywhere
The profit's there
They're buyin' every share

You find it everywhere
You find it everywhere
You find it everywhere

You find it here
You find it everywhere
It's always there
I'm striving every stair

You find it everywhere

You find it everywhere
You find it everywhere

You find it everywhere
You find it everywhere
You find it everywhere
