

Swift "60 Fps"

Visit "[60 Fps](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Hopeless I'll stay always the coward..constantly weigh
all the things you say..never enough, but I'd prove
every hour. making a case just to see your face.

I'm alright... but this air is getting tough to breath...It's
okay...we're alive...not the way that I'd hoped we be.

Let's clear the floor and dance it away like we did
before and stop all this running in place.

Nervous each day..my heartbeat won't act right, and
here I hang by the things you say...pray that we stay
like gardens and daylight. no matter how long by the
phone I wait.

I'm alright... but this air is getting tough to breath...it's
okay...we're alive...not the way that i'd hoped we be.
Let's clear the floor and dance it away like we did
before and stop all this running in place.

You know that I'll never ask you to go away.

It's undebatable...this is the hard way.

Let's clear the floor and dance it away like we did
before and stop all this running in place.
