Well, my knees are knocking  
My feet are hot  
I'm shaking all over, on the spot.  
I said one step, two step three step four  
Shuffle that way, across the floor  
Takes two to tango  
Up and down, pogo  
Flamingo, or limbo  
Honey might start(?) to go-go  
It ain't what you dance it's the way you dance it  
It ain't what you move it's the way you move it  
I said "oh no, let's go, dance all night at the disco"  
Moving around, like a night on the town.  
Well, it ain't what you dance it's the way you dance it  
Well my tools are twinkling  
Hop skip and jump  
Do the charleston, do the bump  
Dance the old, dance the new  
Waltz to the schmaltz and soft-shoe  
Cha-cha, ramba! bossa-nova, polka!  
Do the swim-watusi(?)  
Let those feet go free  
It ain't what you dance it's the way you dance it  
It ain't what you move it's the way you move it  
I said "oh no, don't stop - biddley-ae-up-bee-bop bee  
bahp"  
Moving around, like a night on the town.  
Well, it ain't what you dance it's the way you dance it  
I couldn't live with the music, ever stop  
I'll still be dancing, til the day I drop  
I'll never stop, no!  
Shake around, jump & jive  
Hang five, do the dive  
Twishing and swinging, keep on dancing  
It ain't what you dance it's the way you dance it  
It ain't what you move it's the way you move it  
It ain't what you dance it's the way you dance it  
It ain't what you groove it's the way you groove it  
Ooh Yeah, ooh yeah, ooh yeah, yeah yeah yeah yeah!
