Caught up in a haze of loneliness
In the pursuit of happiness
Ain't it just like you,
it's just like me.
Love is obsession, lovers pine
always working against the brain
but it's always there, there for always
Deserted in the ruins, of your own building
it seems like there's no hope of repair(?)
Standing in the rubble, no roof above you
no walls around you to keep the world at bay
[chorus 1:]
(needle around the tear)?
I need an elixir
I'm feeling lovesick
(needle around the tear)?
I need an elixir
to fix the light
No way out of this nothingness
Nothing can replace the emptiness
But it's just like you,
it's just like me
Oh-oh
Love is a poison in my veins
A part of me that waxes and waves
But it's inside of you,
inside of me
Amidst the devastation, or was it sabotage
concrete foundations - all that remains
Standing in the rubble, no roof above you
No walls around you to keep the world at bay
[chorus 2:]
(needle around the tear) ?
I need an elixir
I'm feeling lovesick
(needle around the tear)?
I need an elixir
to fix the light
Hold on to your love, hold on to your love
Hold on to your love - it's all that you've got
[repeated...]
lovesick.
