People are also wanting
all the things
they never had
temptation mixes up
hello, hello, hello
when you're ?
You don't want no boy?
Everybody's singing
give me some more - I want some more
give me some more - got to have some more
gimme some more - just a little bit more
It can't always be christmas
You can never get to ?
There's no such word as 'ample', for example
The housewife wants more gadgets
The russians want the world
Everybody's wanting
So much more of this
A little bit more of that
There's so much more than there is
There's so much more

There's so much more of this

A little bit more of that

There's so much more....

-=-

?

some more...

some more,

I want some more

gimme some more - got to have some more

gimme some more - just a little bit

More of this

A little bit more of that

There's so much more than there is

There's so much more

There's so much more of this

A little bit more of that

There's so much more....

So gimme some more - gotta have some more

gimme some more - just to have some more

...?...

gimme some more - just a little bit more
