why must i work, 9 to 5 I'm always tired but, how I strive  
to pay my bills, to pay my rent a new life, would be a  
godsend Life is a production line things come at you  
one at a time ya better beware, better see the signs ya  
gotta keep up, or you will fall behind All my friends are  
in the same rut we got some money but, it ain't enough  
we got the power, we got the guts working for a livin'  
has made us rough Lide is a production line things  
come at you one at a time ya better beware, better see  
the signs ya gotta keep up, or you will fall behind
