Mr Product Man strolling by with a kind of head-held-high hypocrisy the envy of so many walks of life but not at type like me periodically searching through the perfect library a man i am of an unusual sort of aimlessness but nevertheless bent on the glory of my lifelessness in the pursuit of nothing short of one and all

He shines his light on me fluorescent kinds are quick to bite the bait but there is a time for me the null and void is a dazzled riddle of what may or may not be day by day counting the lines in my abridged diary a man i am, a wary sort of nihilist hence bent of the glory of my lifelessness in the pursuit of nothing short of one and all

some have been good to me been by my side through the thick and thin and have supported me others have scolded me with the scorched bits of their apathy of my instinctual vengefulness a man i am that won't bow down to humanists or the naivety therein that seems to persist in the pursuit of nothing short of one and all
