times have changed and the change of time's slow
going my ramble tamble's still in tact, though and i've
got plenty of guts still showing all along the levy where
we just sat and sometimes drank one the weeds are
growing over all of out summer days long gone
(chorus) just take me to the riverbank with no clouds in
the sky and if you do, i won't give my thanks but i'll stay
there till i die i've grown and shedded some i've shed
the ones i used to care for it seems they're all long
dead and gone but they're still up to the same chores
along the endless streets that are now breeds of
walking feet that i just don't have time for (chorus) now
i start to save my time pack my things and say
goodbye unsatisfied and anxious now i want to blow
away from here just take me to the riverbank just take
me to the riverbank where waters run like some
mistake and i can make my history.. (Koski)
