I've got a feeling all I need is a love that's true.

Baby, what can I say?

I know this won't go away.

I've got a feeling all I need is to see you today.

I've been watching the world pass by all around me.

I've been letting the days go by 'til you found me.

Baby, what can I do?

I've been out searching for you.

I've got a feeling all I need is a love that's true.

I've been watching the world pass by all around me.

I've been letting the days go by 'til you found me.

Baby, what can I do?

I've been out searching for you.

I've got a feeling all I need is a love that's true.

I've got a feeling all I need is a love that's true
