Miles and miles away from you

You know I'd fly there if you told me to

We speak on the phone but where is your body

Help me Help me

It's so hard when I'm feeling on fire

and all I can hold is the telephone wire

It's so hard being almost alone

and lying here in the dark

Makin' love on the phone Love on the phone

Makin' love on the phone Love on the phone

I call your number and its rings once or twice

You answer softly and your voice sounds so nice

You whisper sweet things and you tell me what to do

and I respond and make love to you

I know you want me I know you care

I'm over here You're over there

You know I want you Cause you're the best

Hang on a minute I'll get undressed

Yes Yes Yes Yes Yes No!

It's so hard when I'm feeling on fire

and all I can hold is the telephone wire

It's so hard being almost alone
and lying here in the dark
Makin' love on the phone Love on the phone
Makin' love on the phone Love on the phone
Long distance loving it's not ideal
but just the same we like how it feels
I am a woman and you are my man
I guess we're doing the best we can
Makin' love on the phone Love on the phone
Love on the phone Love on the phone
