Blue moods taken hold of you
Blue mood coming your way
Blue mood will take control of you
Blue mood blue's take you away

Take a look at yourself
Take a look at yourself
Think it over
It won't be long now
Wait for that mellow feeling's gone
Think it over
Take it over
Think it over
It won't be long

Blue mood's taken hold of you
Blue mood coming your way
Blue mood take control of you
Blue mood blue's take you away

Take a look at yourself
Take a look at yourself
Won't be long now
Feeling strong now
Nothing but blue skies
Open your heart
Make a new start
Open your heart
Make a new start
Open up your heart

Think it over
It won't be long now
Before that mellow feeling's gone
Think it over
Take it over
Think it over
Take it over
It won't be long

Think it over

It won't be long now
Before that mellow feeling's gone
Think it over
Take it over
Think it over
Take it over
It won't be long

Won't be long now
Feeling strong now
Nothing but blue skies
Open your heart
Make a new start
Open your heart
Make a new start
Open up your eyes

Think it over
It won't be long now
Before that mellow feeling's gone
Think it over
Take it over
Think it over
Take it over
It won't be long
