(Swing Out Sister)

Here and now

Cold as the light of day

Seems like life slipped away

Like tears in the rain

What each heart had in store

Isn't there anymore

And no-one seems to know what it is they're really here
for

We'll never learn to live and grow

If we don't let our feelings show

Everyone of us

Here and now

Can't stop what's happening

Head over heels and falling helplessly in love

Here and now

Reaching an all time high

Head over heels

In love with life

Hear and now

What seemed so far away

Stumbled and found us here

And showed us the way

To find in our hearts again

This is where love begins

We'll make our dreams come true

If we still keep on believing

No matter what we'll be prepared

The futures ours for us to share

Every one of us

Here and now

Can't stop what's happening

Head over heels and falling helplessly in love

Here and now

Reaching and all time high

Head over heels

Tomorrow can wait

Let time run away with us

Free as the air that we breathe

Until then nothing exists

Nothing compares to this

Even in our wildest dreams
Here and now
Here and now
Here and now
