"Breakin hearts"

She put me in a whirl

She's got a way of breakin' hearts

Man o man

I wonder if I can

She's got a way of breaking hearts

Seems like she is always

Workin' on the sly

Then she tells her poor man

Good bye

Holy smoke

I wonder if there's hope

She's got a way of breakin' hearts

I will not tarry

I'm askin' her to marry me

Even though she's got a way of

Breakin' hearts
