Have mercy on me

I got girl trouble up the ass

have mercy on me people

I got girl trouble up the ass

and don't tell me no joke

cause I'm not gonna laugh

I need the cure

only one cure in this world

I need the cure

only one cure in this world

hey james brown

I need a woman or a girl

hit me in the morning

hit me in the night

hit me when I'm wrong

hit me when I'm right

hit me when I'm up

hit me when I'm down

hit me hit me hit me hit me

all over town

girl trouble

I got girl trouble up the ass
and don't tell me
cause I'm not gonna laugh
I'm not trying to fool you people
I'm not giving you no jive
make me feel I'd rather be dead than alive
take a look around
what's shoving up my behind
problems drive me out of my mind
girl trouble
I got girl trouble up the ass
and don't tell me no joke
cause I'm not gonna laugh
