Good feeling won't you stay with me just a little longer

It always seems like your leaving when I need you here
just a little bit

longer. Dear lady, there are so many things have come
to fear

A little voice says I'm going crazy to see all my worlds
disappear

Vague sketch of a fantasy

Laughing at the sunrise like he's been up all night

Ooo slippin' and slidin' what a good time

But now have to find a bed that can take this wait

Good feeling won't you stay with me just a little longer

Y'know it always seems like your leaving

When I know the other one just a little to well

Oh dear lady, won't you stay with me just a little longer

Y'know it always seems like your leaving

When I need you here just a little longer
