He likes me

he likes me

ooh... isn't that nice

he likes me

he likes me

ooh... isn't that nice

that your brand new friend

he likes your old true friend

and isn't that the way

that it ought to be

that your brand new friend

he has good will to send

and you're so free

you're so free

you're so free

and I am history

he likes you

he says that he loves you

ooh that's good to know

you like him

I hope you don't love him

and ooh you should know
that your old true friend
he doesn't like your brand new friend
person to person it's not on purpose
but I take it personally
and soon your brand new friend
I hope I'll have a bon voyage to send
and you're so free
you're so free
you're so free
and I am history
you say you won't pick
and you won't make a choice
but I'm so mad I could spit
and I hear it in your voice
you said he likes me
he likes me
ooh isn't that swell
he likes me
you said he likes me
ohhh tell him hell...
o from me
a great big hello from me
jesus always taught me
that I should love my enemy

darling my heart's in pain
that's why my song's insane
and you're so free
and I am history
he likes me
but I don't like him
