Seems days are running out of time
And words no longer seem to rhyme
When your mind begins to ache
Restless nights keep you awake
Life gets you down
Feel no one hears you when shout
You're bitter tears are all cried out
Remember love is on your side
And it's over pride
Don't let it get you down
(Love child)
As long as the world keeps turning
(Love child)
As long as the sun shines on
(Love child)
You know you can hide from love that's meant to be
(Love child)
(Love child, baby love)
As long as the world keeps turning
(Love child)
As long as the sun shines on
(Love child)
With love on your side, you can't fight destiny
(Love child)
(Love child, baby love)
Sticks and stones may break your bones
Feel you've no name to call your own
Don't let shame stand in your way
Cries above what people say
You're not alone
Whatever you may think of me
Can't find a love that's meant to be
Don't let intolerance and pride
Find the love you feel inside
You'll never be alone with me
(Love child)
As long as the sun shines on
(Love child)
With love on your side, you can't fight destiny
(Love child)
(Love child, baby love)
Let people talk

A love by any other name remains the same
Don't let intolerance and pride
Find the love you feel inside
Like you belong I've got to give
Now you don't want to live
Love child
(Love child)
As long as the world keeps turning
(Love child)
As long as the sun shines on
(Love child)
You know you can hide from love that's meant to be
(Love child)
(Love child, baby love)
As long as
