(Swing Out Sister)

Drifting

Open to persuasion

Lonely as a cloud on a summer's day

Waiting

Searching for a reason

Walking till the breeze blows the mist away

Wherever thoughts are fading fast

And losing track of time

There's always something even better

If you change your mind

Something out of this world

Something wonderful

Something out of this world

Something wonderful

Breathing

Seconds turn to hours

Innocence surrenders to yesterday

Growing

Like a city flower

Pure amongst the dirt where the children play

Whenever melancholy falls like shadows in your mind

There's always something left behind the scenes for
you

to find

Something out of this world

Something wonderful

Something out of this world

Something wonderful

La (x16)

La (x21)

Whenever dreams are fading fast and losing track of
time

There's always something even better if you lose your
mind

Something out of this world

Something wonderful

Something out of this world

Something wonderful

Something out of this world

Something wonderful

Something out of this world
Something wonderful
La (x21)
