(Swing Out Sister)

You On My Mind

Friends say I'll get over you soon

Thoughts of you come back to fill me with gloom

Time forgets but I'm not over you yet

There's no sense of asking why

Until the tears run dry

There's no one but you on my mind

Searching for a perfect ending that we'll never  
find

If we could make it work this time

Years have flown by since you've been gone

This broken heart of mine's been waiting too  
long

All alone without you I can't carry on

There's no sense of asking why

Until I'm there by your side

There's no one but you on my mind

Searching for a perfect ending that we'll never  
find

If we could make it work this time

We could plant tomorrows dreams now together

In a garden to last forever more

All the flowers would grow

From the seeds we'd sow...

There's no one but you on my mind

Searching for a perfect ending that we'll never  
find

If we could make it work this time

There's no sense of asking why

Until the tears run dry

I could be there by your side

If you would only change your mind

If we could make it work this time
