Ever stop to ask yourself if you were living in the past
too long
Never miss the precious gifts
That you've been given until they're gone
All gone away

Ever stop to think if you've been living in another time
or place
All the hopes and dreams you had would disappear
without a trace
No one would know until your tears start to show
Don't take it out on the world

Always life gets you down
Always I'll be around
Here I am
(Here I am)
Here I'll stay
(Here I'll stay)
Always
(Always, always)

Running to your rescue, I'm over you still I can't help
myself
Thoughts that only we knew suddenly belonging
somewhere else
Can't turn back time on memories no one can find
Don't take it out on the world

Always life gets you down
Always I'll be around
Here I am
(Here I am)
Here I'll stay
(Here I'll stay)
Always
(Always, always)

You'll wake up one day and wonder
How the future found you without a world
(Without a world)
You thought would always be there

(You thought would always be there)
Suddenly those memories have left the past behind
you

Didn't know when
(Suddenly)
Didn't know where
(Didn't know where, didn't know where)
(Didn't know where)
(Didn't know where, didn't know where)

Always life gets you down
Always I'll be around
Here I am
(Here I am)
Here I am
(Here I'll stay)
Always
(Always)
Always
(Always, always)
