Visit "[Circulate](#)" on [MotoLyrics.com](http://MotoLyrics.com)

You've given into temptation's demands  
By a cruel slight of hand you could lose it all  
Cold and alone when your luck leaves you stranded  
Walk out empty handed, greed takes its toll

You moved too fast  
You spoke too soon  
And now it's too late

Fate for the taking you gamble with love  
Got to lose to win what you're dreaming of  
Mistakes you're making, put my love on hold  
While you're out fortune faking my heart grows cold

You moved too fast  
You spoke too soon  
And my love won't wait

People are talking about you  
Rumors are spreading, tell me they're not true  
I'm tired of waiting, it's too late  
You let your love circulate  
You let your love circulate

You've given into temptation's demand  
By a cruel slight of hand you could lose it all  
Cold and alone when your luck leaves you stranded  
Walk out empty handed, greed takes its toll

You moved too fast  
You spoke too soon  
And now it's too late

People are talking about you  
Rumors are spreading, tell me they're not true  
I'm tired of waiting, it's too late  
You let your love circulate

People are talking about you  
Rumors are spreading, tell me they're not true  
I'm tired of waiting, it's too late  
You let your love circulate

People are talking  
Rumors are spreading, yeah  
I'm tired of waiting, yeah  
You let your love circulate  
You let your love circulate

You let your love circulate  
You let your love circulate  
You let your love circulate  
You let your love
