Flying high, flying low
Hate to be the one to say I told you so
What picked you up has let you down

Up to tricks just for kicks
Guess those plain home comforts couldn't keep you
fixed
And now their habits got you licked

Don't let yourself down
Trust your heart because you knows the best
Don't let yourself down
Trust in love and you'll have no regrets
You're out on your own
From now on, don't let yourself down

Don't be fooled, life is cruel
Nothing comes to you until you've paid your dues
You're no exception to the rules

Don't let yourself down
Trust your heart because you knows the best
Don't let yourself down
Trust in love and you'll have no regrets
You're out on your own
From now on, don't let yourself down

Don't let yourself down
Trust your heart because you knows the best
Don't let yourself down
Trust in love and you'll have no regrets
You're out on your own
From now on, don't let yourself down

There's no use in dreaming
You won't be satisfied until you come clean
Don't be surprised if life treats you mean

Don't let yourself down
You're out on your own
Don't let yourself down

Don't let yourself down
Don't let yourself down
You're out on your own
Don't, don't let yourself down

Don't let yourself down
Don't let yourself down
You're out on your own
Own, don't let yourself down
