Don't say the word
Somethings are better left unsaid
Don't say the word
A moment you might just regret

Don't say the word
And put your conscience out to rest
Don't say the word
We'll find emotions do the test, yeah

When it's real you can't hide what you're feeling
And your heart will reveal more than words could ever
say
Until then don't let words get in the way
Don't explain, I'm not listening anyway, I've heard it all
before

Don't say the word
It's just a game that people play
Don't say the word
Until you mean the things you say, yeah

Don't say the word
Undo what's already begun
Don't say the word
Because the best is yet to come, ooh

When it's real you can't hide what you're feeling
And your heart will reveal more than words could ever
say
Until then don't let words get in the way
Don't explain, I'm not listening anyway, I've heard it all
before
I've heard it all before, don't say the word, ooh, ohh

When it's real you can't hide what you're feeling
And your heart will reveal more than words could ever
say
Until then don't let words get in the way
Don't explain, I'm not listening anyway, I've heard it all
before

I've heard it all before, I've heard it all before
Don't say the word, don't say the word
Ooh, don't say a word
