Tried to tell you but words got in the way
Can't express what I had to say
Tried to find you to make you realize
But explanations won't change your mind

How can the moment pass?
How can a day seem like forever?
How can a lifetime last so long?

Suddenly, you're all alone
Wondering, where all the years have gone
It's been so long, so long, so long

My life is incomplete without you
Incomplete without you
My life is incomplete without you
Incomplete without you

Some remember, some live to forget
I can't erase what I don't regret
Time goes by, my heart won't let me hide
Thoughts I've tried so hard to disguise

How can the moment pass?
Happen a day seem like forever?
How can a lifetime last so long?

Suddenly, you're all alone
Wondering, where all the years have gone
It's been so long, so long, so long

My life is incomplete without you
Incomplete without you
My life is incomplete without you
Incomplete without you

Can't stop thinkin' about you, baby
It's been so long
Can't go livin' without you, baby
Since you've been gone

Can't stop thinkin' about you, baby

It's been so long
Can't go livin' without you, baby
Since you've been gone

How can the moment pass?
Happen a day seem like forever?
How can a lifetime last so long?

Suddenly, you're all alone
Wondering, where the years have all gone
It's been so long, so long, so long

My life is incomplete without you
Incomplete without you
My life is incomplete without you
Incomplete without you

A sun without a sky
Hello without good bye
A night without a day
Now, there's nothing left to say

A sun without a sky
Hello without goodbye
A dog without a bone
A house with someone home

A night without a day
Now, there's nothing left to say
