Love passed us by before the chance was asked to  
take

We had to hide behind the vows we couldn't break  
More than just friends

But to others we were innocent

We pretend we didn't stop what had to end

Could have been you but you came around too late

Could have been some good times

We couldn't change the course of fate

Got no remedy, got no cure

Stop these memories 'cause I can't take no more

We realized too late

That's the way it goes

A love that couldn't wait

That's the way it goes

My loss and your mistake

That's the way it goes

This final twist of fate

That's the way it goes

Missin' you more than ever

That's the way it goes

That's the way it goes

Memories last forever

That's the way it goes

That's the way it goes

Doubts through my mind, question everything I do

Not satisfied 'til all I think about is you

Though strapped in tight

But would give solely to me

Not mine until you're here to set them free

Could have been you but you came around to late

Could have been some good times

We couldn't change the course of fate

Got no remedy, got no cure

Stop these memories 'cause I can't take no more

I realized too late  
That's the way it goes  
A love that couldn't wait  
That's the way it goes

My loss and your mistake  
That's the way it goes  
This final twist of fate  
That's the way it goes

Missin' you more than ever  
That's the way it goes  
That's the way it goes  
Memories last forever  
That's the way it goes  
That's the way it goes

We realized too late  
That's the way it goes  
A love that couldn't wait  
That's the way it goes

My loss and your mistake  
That's the way it goes  
This final twist of fate  
That's the way it goes

Missin' you more than ever  
That's the way it goes  
That's the way it goes  
Memories last forever  
That's the way it goes  
That's the way it goes

We realized too late  
That's the way it goes  
A love that couldn't wait  
That's the way it goes

My loss and your mistake  
That's the way it goes  
This final twist of fate  
That's the way it goes

Missin' you more than ever  
That's the way it goes  
That's the way it goes  
Memories last forever  
That's the way it goes  
That's the way it goes

We realized too late  
That's the way it goes  
A love that couldn't wait  
That's the way it goes

My loss and your mistake  
That's the way it goes  
This final twist of fate  
That's the way it goes

Missin' you more than ever  
That's the way it goes  
That's the way it goes  
Memories last forever  
That's the way it goes  
That's the way it goes
