Looks I see through
Warnings ring true
You jumped your cue

You hit and run
From the damage done
Won't make things right
When all you ever do is wrong

When familiar words have lost all meaning
That lost look in your eyes
Forbidden thoughts, forgotten feelings
Those looks that never lie

Who let the love out?
Turned it into doubt
What brought us together
Has finally torn us apart
Who let the love out of your heart?

Who let temptation in?
Who let suspicion in?
Who let the hatred in?
Who let the love out of your heart?

What happened to
The ghost of you?
A stranger's face replaced
That someone I once knew

When familiar words have lost all meaning
That lost look in your eyes
Forbidden thoughts, forgotten feelings
Those looks that never lie

Who let the love out?
Turned it into doubt
What brought us together
Has finally torn us apart
Who let the love out of your heart?

Who let temptation in?

Who let suspicion in?
Who let the hatred in?
Who let the love out of your heart?

Who let the love out?
Turned it into doubt
What brought us together
Has finally torn us apart
Who let the love out of your heart?

Who let temptation in?
Who let suspicion in?
Who let the hatred in?
Who let the love out of your heart?
