working at the 6 o 1  
your tryin' to get it done  
but mr. man keeps callin'  
he won't let you have no fun  
telephone keeps ringing  
it's ringing all the time and  
it won't stop until you drop  
sometimes you feel your  
losing your mind  
when you feel the world is down on you  
there's only one thing that you really  
should remember to do  
  
\*chorus\*  
  
keep holding on  
keep holding on yeah  
better days are coming  
just as this ones surely gone  
keep holding on  
keep holding on yeah  
things will be much better  
but you gotta keep holding on

now everyone keeps talking  
talking so much all the time  
about things they don't know  
man yeah i swear it blows my mind  
how can you let an opening to  
such widely spread disease  
self-polluted executed  
spoken with such ease  
when you feel the words  
creep inside of you  
just remember they mean  
nothing and you'll know  
what to do

\*chorus\*

i know life can be hard  
and some times it'll  
bring you down  
just remember when  
you feel this way  
you can make it if you try and  
hold on one more day  
but you got to be so strong  
and you got to keep holding on  
people talking never  
stopping trying to mess

with you keep holding on  
keep holding on  
you don't need to listen  
baby make your own decisions  
keep holding on yeah yeah yeah yeah yeah  
keep holding on  
keep holding on  
a better  
keep holding on  
keep holding on yeah  
we can come together if we all  
keep holding on  
keep holding on  
keep holding on  
keep holding on  
keep holding on  
oh yeah yeah yeah  
keep holding on
