listen

baby listen to me
i've got something to say
i have finally realized that
i'm wasting my life away
and you made so many promises
that's all you ever do
so know tonight i'm leaving and
i won't come back to you
babe

chorus

it doesn't really matter
what you have to say
cuz you know it won't
bring us back won't bring back yesterday
cuz i'm not crying for you
no no no
i'm not crying for you tonight
so please listen when i say that there's
no way that i will stay and know that
i'm not crying for you

should have known that things would
have turned out this way
should have listened to all the things
that my friends would say
how could you say you loved me
well i know that wasn't true
you were never thinking of me
cuz you were too much in love with you
babe

chorus

no crying, no crying

making empty promises is all you do
you say that you will change, but it's just not true
so please listen when I say that I must find

a better way there's no need for me to stay here
with you another day so just stop all of the lieing
cuz tonight i won't be crying for you
no no

and i'm not crying for you
no no no
i'm not crying for you tonight
so please listen when i say
that there's no way that i will stay
and know that i'm not crying for you

no i'm not crying for you
no no no
i'm not crying for you tonight
so please listen when i say
that there's no way that i will stay
and know that i'm not crying
no no i'm not crying for you
no i'm not crying for you
no i'm not crying for you
