i don't wanna have to
be your friend
i'm so tired of trying to
be your friend
i don't wann have to
be your friend no anymore
what is happening my friend
you see i use the term so loosley
these days, seems we're heading
towards the end soon to be parting
our ways cuz your never gonna
think for some one else unless you
thought that you could help yourself
and now the day is here when you
have found you need the help of someone
else and they won't help
cuz what you do you know
it's always just for you
so i don't care about
you anymore
chorus

i don't wanna have to
be your friend
i'm so tired of trying to
be your friend
i don't wanna have to
be your friend no anymore
well it really doesn't matter
what i say cuz your never
gonna listen to me anyway
girl i don't wanna have to
be your friend no anymore
seems you've fallen once again
like you've done a thousand times
before now you need a certain
friend some one you can count on
but i don't wanna be the one who's
always gonna have to make it up
to you and i don't wanna be
responsible for all the stupid little
things you say and things you do
cuz what you did it seems you
messed up once again
so i don't care about you anymore

* chorus*

you call me late at night

when things are not all right
you need some one to get you
through again you need a
helping hand some one who
understands your begging and
pleading but this time i'm not dealing
cuz i've walked this road with you to
many times before and i've realized
now that this is not what i want
anymore

chorus

i don't wanna have to
be your friend
i'm so tired of trying to
be your friend
i don't wanna have to
be your friend no anymore
