I will suffocate every breath you take
Put you in a cage something you can appreciate
Take away every single pain
Your greatest weakness turned into my strength
Separate all mistakes you make
Put you in a state so that you will appreciate
yourself in vain, to lose and gain

Whats the matter with you?

All i wanna do is just lose myself in my chemical
religion
So send me deeper, deeper, so i can feel myself

I will stimulate the senses in your pain
Help you compensate for the headache that you can't
erase
Alleviate the stress in your day
Lose yourself in me cause i can be anything
Simply stated, Im overrated

Whats the matter with you?

All i wanna do is just lose myself in my chemical
religion(x3)
So send me deeper, deeper, so i can feel myself
Send me deeper, deeper. I wanna feel myself

But im still alive
I can't change here
I'm still alive and its makin me so
Making me so
weird

Chemical religion
All i wanna do is just lose myself in my chemical
religion(x3)
So send me deeper, deeper, so i can feel myself
Send me deeper, deeper. I wanna feel myself

But im still alive

I can't change here
I'm still alive and its makin me so
Making me so
weird
