She's been standing in my place
Let's go out and slap her face
She's been sitting in my chair
Let's go out and pull her hair

Yes you scream and you shout
Girl you'll never get out
No you never will see what's new

Yes you scream and you shout
No you'll never get out
No you never will see what's new

Mother says to stay right here
Mother says to stay right here
Mother says to stay right here
Right here
Mother says to stay right here
Mother says to stay right here
Mother says to stay right here
Right here

She's been sleeping in my bed
Let's go out and shoot her dead
She's been dancing in my dress
Let's go out and make a mess

Yes you scream and you shout
No you'll never get out
No you never will see what's new
Yes you scream and you shout
No you'll never get out
No you never will see what's new
With you....

Iridescent eyes of the seahorse cries
Treasures she loves others despise
A shooting star shan't fall very far
Dim fireflies held in glass jars

April showers bring May flowers
Dazzling dust tossed in wind gusts

The trap door is open
The window half closed
The tapestry curtain vivaciously grows

Iridescent eyes of the seahorse cries
Treasures she loves others despise
A shooting star shan't fall very far
Dim fireflies held in glass jars

Mother says to stay right here
Mother says to stay right here
Mother says to stay right here
Right here
Mother says to stay right here
Mother says to stay right here
Mother says to stay right here
Right here

Tell me what's new with you
Yeah, you're that girl
Tell me what's new with you
Yeah, you're that girl

Is it her or is it me?
