You're flying much too high  
You're flying much too high  
You're flying much too high  
You're flying much too high  
Take me closer  
I can't see  
The world is moving faster  
Sit down with me  
[?]  
Take me closer  
I can't see  
The world is moving faster  
Sit down with me  
[?]  
You came to me like a stormy night  
With electric tears, I couldn't hide  
I let you in, I dried your eyes  
You reached for me and held tight  
This is for real  
This is for real  
This is for real  
This is for real  
This is for realizing everything is real  
You can taste it, you can touch it, hold it in your hands  
You can taste it, you can touch it, hold it in your hands  
You can taste it, you can touch it, hold it in your hands  
You can taste it, you can touch it  
Show me the flowers  
I can't see  
Show me the flowers

It will never stop...
