You don't know how to start  
I don't know what to choose  
You know I feel confused

Just look inside your heart  
And find out who you are  
You better take a stand  
You better make a plan  
'Cause this has gone too far

When we went to the wishing well,  
We thought we saw the light

If you  
Start, start, start to wake up,  
Scream, scream, scream all you want  
See, see, see what you've done  
Start, start, start to wake up

To make it right for you  
I don't know what to do  
You tell me I'm no good  
I feel misunderstood

I'm sick of taking blame  
Playing the same old game

We thought we saw the light  
When we went to the wishing well,  
It never came out right

But even though we took that trip,  
If you  
Scream, scream, scream all you want  
See, see, see what you've done  
Start, start, start to wake up  
Start, start, start to wake up,  
Now you

Scream, scream, scream all you want  
Start, start, start to wake up  
See, see, see what you've done

Start, start, start to wake up

Scream, scream, scream all you want

Start, start, start to wake up

See, see, see what you've done

Start, start, start to wake up

Start, start, start to wake up

See, see, see what you've done

Scream, scream, scream all you want

Start, start...
