Look at the mountian Look at the river Look at the city Look at it glitter, with you

'Cause every secound counts in love

It's time for a shake up So deal with your break-up And quit with the make-up Just watch me take up, with you

'Cause every second counts in love

Here I go (Here I go) Here I go (Yeah!)

Look in the mirror Everything's clearer You get you your given It's not a decision for you

'Cause every second counts in love

I'll try and deliver I'll learn to forgive her I'm gonna take it So just watch me make it, with you

'Cause every second counts in love Yeah!

Here I go (Here I go) Here I go (Yeah!)

Every second counts in love Every second counts in love Every second counts in love Every second counts in love

I wanna look at the mountians Look at the river Look at the city Look at it glitter, with you

'Cause every secound counts in love Yeah!

Here I go (There he goes) Here I go (There she goes) Here I go (There he goes) Here I go (There she goes) Here I go (There he goes) Here I go (There she goes) Yeah!

Every second counts in love Every second counts in love Every second counts in love, love, love Every second counts in love, love, love Every second counts in love, love, love Every second counts in love
