well she sure is cooking
cooking for me
but she caught me looking
and her mouth is ready
ready for me
but she caught me looking

we lay down the law
so what the hell are you here for
we lay down the law
so what do you need me for

now the door is open
open for me
coz i caught her looking
and her lips are itching
itching for me
coz i caught her looking

we lay down the law
so what the hell are you here for
we lay down the law
so what do you need me for

oooooohh

we lay down the law
so what the hell are you here for
we lay down the law
so what do you need me for

we lay down the law
so what the hell are you here for
we lay down the law
so what do you need me for

we lay down the law
so what the hell are you here for
we lay down the law
so what do you need me for

we lay down the law
so what the hell are you here for
we lay down the law
so what do you need me for
