And my insecurities
Breeding on this disease
Slowly threatening my brain
I think I'm
GOING INSANE
These thoughts that can't be seen
Reaching deep into my veins
Changing all that I know
(All that I know)

And tonight I'll wear these crown of thorns
(For the last time I should ever)

Stay another night alone in misery
(SAVE MYSELF)
But I'll change this part I hate inside of me
(SAVE MYSELF)

Your faith and your beliefs
Just tricked in and up your sleeve
Takes more power to dissolve
A system
WITH A CAUSE
I will fight to destroy
And all you can do to avoid
The finger pointing at yourself
(Yourself)

And tonight I'll wear these crown of thorns
(For the last time I should ever)

Stay another night alone in misery
(SAVE MYSELF)
But I'll change this part I hate inside of me
(SAVE MYSELF)

So (enraged?)
Follow me
To escape
So tell me 'cause I don't understand
Of what's to become of me

'Cause lately I've seen
So many things that
Make me believe that it's over

Stay another night alone in misery
(SAVE MYSELF)
But I'll change this part I hate inside of me
(SAVE MYSELF)

Stay another night alone in misery
(SAVE MYSELF)
But I'll change this part I hate inside of me
(SAVE MYSELF)

I WILL SAVE MYSELF
I WILL SAVE MYSELF
I WILL SAVE MYSELF
I WILL SAVE MYSELF
