Song by Gov't Mule

Only the darkness can keep you warm  
On an evil night like this  
Are you looking for someone  
To give your arm a little twist  
Everybody needs some danger sometimes  
I'm no different  
Just think of me as your equal  
I won't undress you  
I won't hold you down  
I won't stick a knife in your back  
They you did that clown  
Can you feel it - can you taste it  
Yeh, you must've seen it coming  
Surely you could've guessed  
The game is up  
I'm gonna take you down  
No more crying  
I think its time to confess  
You better pray for a miracle  
Or you better pray this never ends  
I, myself, can play the victim  
I'll do whatever the part demands  
You saw me watching you  
You had time to run  
Ain't it enough that you torture me  
You had to go for his gun

You won't see no bright lights burning  
But you'll feel the heat  
This is how it happens  
When strangers turn to lovers to enemies

Can you feel it - can you taste it  
Dont' look at me that way  
With that blood on your dress  
The game is up  
I'm gonna take you down  
No more crying  
I think it's time to confess
