Taking off Lyrics

by Electric Lady Lab

I'm taking off, I'm on my way up

I can't get enough, my heart's lifting me up, me up, me up

You thought you had it all,
How does it look from where you are
Now that you're blinded by
The love after light, wo ho
Cause it's love I feel,
Cause it's love I hold inside
It's coming over me,
As I disappear into the night

I'm taking off, I'm on my way up
I can't get enough, my heart's lifting me up, me up, me up

You thought you had my heart
That it was yours to break in two
I'm guessing you're alone
Yeah you should have known, wo ho
Cause it's love I feel,
Cause it's love I hold inside
It's coming over me,
And I'm moving on tonight

I'm taking off, I'm on my way up
I can't get enough, my heart's lifting me up, me up, me up
I'm running up for a hole in the sky
I'm gonna move all and let in the light
So I can shine, shine, shine, shine so bright
shine, shine, shine, shine so bright

Feel my heartbeat lifting me high
Feel my veins filling up with love
Whoa, yeah, yeah

I'm taking off, I'm on my way up

I can't get enough, my heart's lifting me up, me up, me
up
I'm running up for a hole in the sky
I'm gonna move all and let in the light
So I can shine, shine, shine, shine so bright
shine, shine, shine, shine so bright.
