[Brett B]

Sometimes, when you a child
You don't understand
The sacrifices made
For your well being
But as you become an adult
You start to understand
A little more
Of what was given
Forgive me, mother

(Verse 1)

[Coyote] Life given
Seeds, embryos in the womb
Repetitious like (???), death call in Judes
From clay
To blood, one's flesh sink soon
Blociando, street time, death makin' room
It's a cycle
Repeating like the phases of a moon
Take it down six feet
Sign names for the bloom
Mad awake, your jefita
A casket in the room
Think not of my tune
Mama, I see my doom
Mortal wound
In tuned, here I am, follow who
If we were to part
Cuando te vuelvo a ver
What I know, you're mi mama, te quiero reconocer
De volver a fallacer
(???)

[Fifth Sun] Y volver, volver
Volver

[Brett B] Back to your arms once again
Beggin' for forgiveness, for all my sins
Mother would thaw the love I have in my heart
Always were my angel, right from the start
Fifth Sun
[Fifth Sun] I don't want to lose your love

My gift from above

Chorus: Malverde (Fifth Sun) {Singer in background}
Lloras, mi lagrimas de sangre {Perdona me, madre}
Lloras, mi lagrimas de sangre (Si no estoy mal, te
perdona me, madre) {Perdona me}
Lloras, mi lagrimas de sangre {Perdona me, madre}
Lloras, mi lagrimas de sangre (Si no estoy mal, te
perdona me, madre) {Perdona me}

(Verse 2)

[Malverde] Madresita

Ton asi

The one that got in me, when I was struggling
Segi mi joben, escucha, me andas perdido
No dura mucho, los que van por tu camino
Si no cambias, vas a ver como te va
Dios te bendiga, lo que sera, sera
Llorar, de mucha lagrimas por mi
Nightly, thinkin' what might be of me
But I didn't see what you predicted
You kicked in my life, that was wicked, there's some
inflicted
Explicit, extreme that I gotta redeem
Perdona me madre, I'm a apologize sin
[Brett B] Always and forever
For now until whenever
You leave me, never
I never sever
Or spring off your womb
You made my flowers bloom
In this world full of doom
So
Mother, please understand
I give you all my love, yo, for making me a man
[Fifth Sun] I don't want to lose your love
My gift from above

Repeat Chorus

(Verse 3)

[Chingon] I lose my life
To save yours, forever more
I go crazy
When I see, your tears full
Out
Now my mom's worried sick, lookin'
Hospitals, morgues, I'm at Central Booking
The gift of God
Mothers have great power
Somethin' bad happens, to dead on

They never coward
Two-eleven
And that (???) one-eight-seven
Convicted felon
I'm just sittin' here, dwellin'
Llora sangres, las puertas nunca abren
Querida madre, perdona me si no esta
Because I rather die
Than to see my mother cry
But now I know, why shy cry, cause she knows I'm
gonna die
[Fifth Sun] Fly, fly, fly away
Pray
That I live to see another day
[Brett B] Cause you know I'm caught up
Runnin' around in wicked ways
My mother's livin' with candles, and every night, she
prays
[Coyote] Pathways
Fades after phase, dawg raised
In that haze to the days, feeling blazed in the crazed
[Fifth Sun] I don't want to lose your love
My gift from above

Repeat Chorus Til Fade
