With One Look

With one look I can break your heart
With one look I play every part
I can make your sad heart sing
With one look you'll know all you need to know

With one smile I'm the girl next door
Or the love that you've hungered for
When I speak it's with my soul
I can play any role

No words can tell the stories my eyes tell
Watch me when I frown
You can't write that down
You know I'm right,
It's there in black and white
When I look your way
You'll hear what I say

Yes, with one look I put words to shame
Just one look sets the screen aflame
Silent music starts to play
One tear in my eye makes the whole world cry

With one look they'll forgive the past
They'll rejoice: I've returned at last
To my people in the dark
Still out there in the dark

Silent music starts to play
With one look you'll know all you need to know
With one look I'll ignite a blaze
I'll return to my glory days
They'll say Norma's back at last

This time I am staying, I'm staying for good
I'll be back where I was born to be
With one look I'll be me
