Dear lover

Do you remember?

The sound of your laughter and demise

And that was all

I need to fall in love

This matter

It's something bigger

Anything ever graced my heart

And that was all

I could fall in love...with you

And I can't stall this now

Did you find some happiness with me?

Now I know the way true love should be

Dear lover

Do you remember?

The beats of my heart that I gave you

And that was all

I need to fall in love

It shattered

Slipped through my fingers

Floated down safely into your hands

And that was all

I could fall in love...with you

I can't stall this now

Ooh Ooh Ooh Ooh

Did you find some happiness with me?

Yeah yeah yeah

Yeah yeah yeah yeah
