"New Way Home"

Have you found your way around the down and out?

I know it must seem long, so long

I'm still trying to keep this time from running out

Head down, always moving on and on and on

I never heard this warning

Another early morning takes me, wakes me into

If you could manage me

I'll try to manage you

But lately it's all I ever do

CHORUS

I felt like this on my way home

I'm not scared

I pass the boats and the kingdome

I'm not scared

I'll never tell you the secrets I'm holding

I know these things must bore you

But I can't find another way

I'll never tell you the secrets I'm holding

I love this leash that holds me

When I try to run away

REPEAT CHORUS (8X)

I'm not scared
