I'm in the sky tonight,  
There I can keep by your side  
Watching the wide world riot and hiding out  
I'll be coming home next year  
Into the sun we climb  
Climbing our wings will burn white  
Everyone strapped in tight  
We'll ride it out  
I'll be coming home next year  
Come on get on get on  
Take it till life runs out  
No one can find us now,  
Living with our heads underground  
Into the night we shine  
Lighting the way we glide by  
Catch me if I get too high  
When I come down  
I'll be coming home next year  
I'm in the sky tonight  
There I can keep by your side  
Watching the whole world wind around and round

I'll be coming home next year

I'll be coming home next year

Everything's alright up here

When I come down

I'll be coming home next year

Say good-bye
