We gonna, rock the whole crowd, come to your town
Smash the door down, trash the whole room
Kick the walls in, night to mornin'
Then we do it again, it's adrenaline

What we spit, beautiful and grotesque
Swim with us in the abyss to the deep depths
Take a deep breath
Strike your lungs like a deadly pathogen, let the
assassins in

Loss of oxygen leads to hospitals
Loss of optical and audio optional
But not optimal, octagonal
Box you in stronger than oxen friend

Accidents happen, I'm a phenomenon
Lookin' at me is like staring at the ring too long
You have seven days
Witness one of the greatest efforts, we've ever made

I'm a heavyweight, swingin' like Butter Bean
I'm a cut you clean, like a sub machine
Gun and run it's fun to chase someone in space
The shots I pop a top a bass drum

We gonna, rock the whole crowd, come to your town
Smash the door down, trash the whole room
Kick the walls in, night to mornin'
Then we do it again, it's adrenaline

Rock the whole crowd, come to your town
Smash the door down, trash the whole room
Kick the walls in, night to mornin'
Then we do it again, it's adrenaline

You better believe, I got a knife up my sleeve
Tell your buddies, you ain't leavin' 'til you bloody and
cleaved
Then by the glory of a warriors code
I'm a destroyer roll with a Bavarian heart

I'm territorial, wish I could look the door
Aggressive localism with my dogs of war
Small man's complex, you only get torn apart
Mad Child kinda like Napoleon Bonaparte

Fornicate with porn stars, sluts and strippers
But only on the Internet but what's the difference
'Cause everything's a memory, once it's done
I can be my worst enemy just for fun

We urban guerrillas, got friends with turbans that's
killers
We go from town to town, burn and pillage your village
I'm merely concealing a weapon kept inside of my
brain
That's why I'm insane, desire and pain, fire and rain

Sexy beast with an extra piece of ecstasy
So this can work effectively
Connect with me, we'll have a chain reaction
I'm playin' the same game, I'm the main attraction

We gonna, rock the whole crowd, come to your town
Smash the door down, trash the whole room
Kick the walls in, night to mornin'
Then we do it again, it's adrenaline

I'm carcinogenic, my chemistry's a little bit off
You tend to be a little bit soft
Well I'm off on my tangent, detective agent
Lieutenant who's medicine you left with abrasions

Face the day like a vacation chasin'
Fun, sun and money then it's back to the basement
Feels good takin' it back to the basics
Like when I was hungry run around in my Asics

S & M was like the new cool band
That everybody be buzzin' about at new stands
Who's then, you wanna know, a lose cannon man
And it began with the tapes movin' hand in hand

I'm writin' under chandeliers
Something strange goin' on like langdaliers
This is one of them songs, you can bang for years
Adrenaline through your heart we smash the unaware

We gonna, rock the whole crowd, come to your town
Smash the door down, trash the whole room
Kick the walls in, night to mornin'
Then we do it again, it's adrenaline

Rock the whole crowd, come to your town
Smash the door down, trash the whole room
Kick the walls in, night to mornin'
Then we do it again, it's adrenaline
