*[Prevail]*

In the beginning all I hear is people singing  
Deep and low with iron bells ringing  
And there's a source of heat near my feet  
Im so weak I pass in and out of sleep  
Flashes of light blotches of colour  
I yell out for help but its drown out by weather  
Downpour terenchal power of the vengeful  
This was all triggered by the sub-conscious central  
Sweet dreams are hideous lets not confuse those  
Bad dreams will find you confine you to circles  
Every other movement is slowed by your mind  
That's why stabbing them blind is no crime  
With no REM. your bound to cave in  
And life in the conscious life is quite grim  
If I can't escape than I'll die in my sleep  
Cause the cliff is to steep and the waters to deep

*[Chorus: Mad Child & Prevail]*

Sound familiar bad dreams can kill ya  
Deeper the sleep the realer man I feel ya  
Bad dreams sad scenes and fear  
You don't want to have to wake up here  
Bad dreams you don't want to have to wake up here  
Bad dreams sad scenes and fear  
you don't want to have to wake up here  
Bad Dreams  
you don't want to have to wake up here

*[Mad Child:]*

Im running down a hall with one wall of flames  
With friends I've never seen in my life with strange  
names  
Sound familiar bad dreams can kill ya  
Pains not what it seems cold stares and sudden  
screams  
I get in fights every night as im reflecting  
Throwing punches fast hard as I can but not connecting  
There protected by a force field locked in an  
engagement  
Until I see the colour red when pounding heads into the

pavement  
Caught up in a chase scene or working on a plan  
Sometimes im falling and I have to wake up before I  
land  
Lots of doors to open afraid what I might find  
My girlfriend getting fucked with eight more guys in  
line  
Cant wait to rise and shine when ill thoughts are  
provoked  
My girlfriends right beside me getting choked

In real life plus I heard it could get worse  
So much for walking in my sleep that's close to murder  
in the first

*[Chorus: Mad Child & Prevail]*

Sound familiar bad dreams can kill ya  
Deeper the sleep the realer man I feel ya  
Bad dreams sad scenes and fear  
You don't want to have to wake up here  
Bad dreams you don't want to have to wake up here  
Bad dreams sad scenes and fear  
you don't want to have to wake up here  
Bad Dreams  
you don't want to have to wake up here

*[Prevail]*

They say that most people can only dream in black and  
white  
That's why he packs a knife and only reappears at night  
I pray for the light to turn him back to stone  
And shine bright enough so I can find my way home

*[Mad Child]*

Watching myself from above and just behind  
Like im controlling video games inside my mind  
Be careful what you dream for because its right there  
Sometimes day dreams turn into nightmares

*[Prevail]*

I've prepared the chair  
electricity rumbles through the air  
You don't want to have to wake up here  
Its cold in the morning  
Breath the eternal frost of our dawning

*[Mad Child]*

Plus its dark and death  
With slight hints of ??  
So cold im spitting icicles

Rip right through the flesh  
Smoke forms with every breath  
The sound of children screaming  
Pinch my self I have to wake up  
Afraid of dreaming

*[Chorus: Mad Child & Prevail]*

Sound familiar bad dreams can kill ya  
Deeper the sleep the realer man I feel ya  
Bad dreams sad scenes and fear  
You don't want to have to wake up here  
Bad dreams you don't want to have to wake up here  
Bad dreams sad scenes and fear  
you don't want to have to wake up here  
Bad Dreams  
you don't want to have to wake up here
