[Madchild:]

Hey yo, I'm comin' with aggression, no question, I'm  
steadily progressing,  
I'm rhyming with time and money invested, I've been  
stressin since I was an  
Adolescent, now shits so dope I can get charged with  
possession,  
Professional since cut from the umbilical, battle me oh  
that'll be  
Hysterical, don't trip or you'll get whipped by this  
miracle, I'm very cool  
When put in a hot situation, for real, I'll send you on a  
permanent  
Vacation, I'm lacing this track, I attack with anger, lure  
you into my tent  
And scream revenga, now watch the blood? spin/spit?  
as you die, sparks fly,  
When real killers collide, I'm fearless, that's why you  
feel this inside,  
I'm clever, I never ever let shit slide, I electrify the next  
to try to  
Tango with Madchild will get worked from every angle,  
I dismantle and  
Handle with chaos and mayhem, and co-rock a party,  
until the AM...

Wake up to murderous days and horrified nights, [? ]  
that's why I stay  
True, down with the heart, make an MC stop and chill...

[Prevail:]

We'd like to take this time to give the competition  
thanks, so the people  
In my ranks get a chance to use their shanks, we'd like  
to take this time  
For the competitions aid, cause I finally got a chance to  
test my new razor  
Blades, we'd like to take this time for the competitions  
heights, what's  
Useful in the usage of my coroners flood light, we'd  
like to take this time  
To give the competition praise, for nations dental

records after I set the  
Blade, as long as the competition knows that we're still  
here, and allows  
Us the chance to advance the study of bacteria  
warfare, and thank y'all for  
Being so up on my business, helping me to develop  
crimes without a witness,  
And the competition knows I know they ain't comin  
clean, so I perfected the  
Work of anger release my guillotine, and finalize my  
thesis of the effects  
Of stricken nicotine on the human frame with an iron  
depleted blood stream,  
And I'd like to thank the competition for being liars,  
when they came to  
Protect the sire but weren't able buy my ends two black  
gloves in the art  
Of piano wire.

[Madchild:]

That's when I come back in attacking rapidly, once I get  
inside your  
Faculty, I'm causing a catastrophe, survivors try to  
retaliate only to  
Learn they defiantly crossed the line, past the point of  
no return, back  
And crash & burn but you'll have to wait your turn, I  
take them down one at  
A time, do my crime and put in work, you shouldn't jerk  
this chain, you  
Can't handle the downpour, talkin shit behind my back,  
what the fuck you  
Hang around for, I'm down for my family and don't  
mind taking chances, I go  
That extra mile as Madchild quickly advances.
