(Hit it!)

[Prevail]

Amplified, fortified, more to my liking,
Come alive, overdrive, certified writing,
Simplified, mortified, purified rhyming,
Horrorified, glorified, war! Rob the Viking,
We're hungry and we're thirsty, and we're coming in,
I'm eatin and drinkin and these are my friends,
Hand over fist, damn don't resist,
My fang, gang or bang and man-handle this,
If we have to twist, bend, snap or break,
Neck back and spine to work out the weight,
We will, for real, we're still the type,
With death appeal to kill the mic,
You know what I feel like?
Taking no prisoners,
Comin out blastin, laughin like the riddler,
This one will get in ya
S&M signature
y'all 2 minutes, i cant wait to finish ya

[Moka Only - Chorus x2]

The weight of the world,
(For real, ya)
And you dont want to puch me to the edge
(We getcha)
Prepare for the worst,
(We see ya)
'cause you are now rockin with the best
(We hit ya)

[Prevail]

You dont want to know what kinda place we've been
livin in,
You turn around and person's face change like
chameleon,
We strike like a million, we're money in the bank,
Its golden and swollen and rollin like a tank,
Battleaxe warriors, take your positions,
Y'all too skrawny for the weight you've been liftin,

You should let us take over and crush,
And watch how the crowd just feed off the rush.

[Madchild]
Such an untouchable,
You followin rottweiler with the high alcohol tolerance,
Killas, gorrillas in the mist with this,
Mister mischevious,
Its rediculous,
You think, who was suicidal enough to look after ya,
After a masterful massacre has occurred,
Naturally, a disasterous catastrophie,
Now tell me: who the fuck wanna rap after me?

[Moka - Chorus x2]

[Madchild]
I'm relying on, Friends with firearms,
White lightnin, trans am iron on.
Kid i'm incredible hulk it,
cant touch this mic clutch with vulcan grip.
There's no ultimate, We're the ultimate,
Keep wounds open, Prev throw salt in it,
Spittin icicles and so forth,
Go for it, I blow torch your snow fort,
There's no avoidin us, We're poisonous,
Get into this psychological influence,
Infamous, plus ferocious, Do not approach us,
You cockroaches.
Armed heavily, This is longevity.
Cant keep up to myself, I'm way ahead of me,
Machild's a ball of confusion losin y'all,
I'm delusional, Plus unusual.

[Moka Only]
Heavy world, stress is real,
I'll tell you how pressure feels,
Spinal snaps, shoulder crack,
We keep pushing, wont fall back.

[Chorus x2]

Heavy world, stress is real,
I'll tell you how pressure feels,
Spinal snaps, shoulder crack,
We keep pushing, wont fall back.
