[Moka Only (chorus 2x)]

Swollen Members gunna make us stop  
take a minute and remember who takes the top  
to the critics and the civils your time is up  
just admit it everybody knows this crime is up  
its hot shiiit...

[Prevail]

Perfected but not invented  
rhymes from the ego driven self centered  
entered the fast lane and never gut dented  
life in a flash hypes blunts and hash  
three of my favourite word has made this  
more hits than the majors up from the minors  
bust from the top dot cops and sirens  
fresh out the shop poppin' n' stylin'

[Madchild]

Madchild, wildin' nonidentical  
the cynical is medical condition is critical  
unforgettable Swollen Members beautiful  
language unsuitable tention n' onic  
Coastal Chronic track got Moka on it  
independant with a diffirent perspective  
select effective next (scratch sound) on exit  
the young and the restless fool fuel innjected

[Moka Only (chorus 2x)]

Swollen Members gunna make us stop  
take a minute and remember who takes the top  
to the critics and the civils your time is up  
just admit it everybody knows this crime is up  
its hot shiiit...

Yall aint got it so dont even think about it  
Cuz I'm tough if ya know the top  
Swollen Members, Moka Only gunna take the shot  
If you think you betcha know you better press for why  
you can mop it in your song and repossess your mind  
if you front it you can blow or you can testify  
someone else was about what it takes to climb

whenever battle axe warriors come out to play  
you can bet we gunna do it in a thousand way  
and we sweating off the duel we resuscitate  
members only rock...shiiit....muthafucka bait....its hot  
shiiit...

[Prevail]

How many albums bought n sold  
triple ghetto gold rocked and rolled  
sound....mixed and mastiff  
stick with the program, get payed after  
TV shows, zeens and magz  
positive feedback, jeans still sagged  
hands still knocked, Prevails gets props  
the same as always rising to the top

[Madchild]

With the swarm of excitement  
fighting form we invite criticism  
rhyme shine like prism  
spit flames we see in 3D vision  
even my people play CD in prison  
bad decision, fatal error  
get scars from bars and bomb every terror  
we own lable never get dropped  
now the crew combined and we cant be stopped

[Moka Only (chorus 4x)]

Swollen Members gunna make us stop  
take a minute and remember who takes the top  
to the critics and the civils your time is up  
just admit it everybody knows this crime is up  
its hot shiiit...
