*[Madchild]*

Mental, torture chamber magnificent structure  
Swollen sculp dust surfing senses danger  
Spark this bats dangle in darkness  
Crept beneath the depth of the swamp I'm the lochness  
Chop this one up on the board for the young lord  
Beats and lyrics matchhouse matches your spirit  
And rips your heart through your body  
and puts it next to your ear so you can hear it  
Local vocal viking no striking resemblance  
No gimmicks of emblem  
Assemble my ensemble  
Caught upon the problem  
Hunger still fierce stomach still grumbles  
Still pounding the pavement watch concrete crumble....  
This is an underground invasion  
Busting out from underneath just to rise to this  
occasion  
And sneak through Swollen Members freaks you with  
E.Q.  
Putting in work and I got lots of girls to speak to  
Anger and passion permanent temper tantrum  
S & M rocks the spot that's the anthem  
Supposed to fall back into depression but i can't-um  
Having a ball dance with this handsome phantom  
Tongues of labyrinth, shaping and molding  
I'm whipping up a little something in a witches cauldron  
Dreams are made of this warlocks potent potion

Unleash the savage beast, dangerous devotion

*[Prevail]*

I see you grinding to a halt  
Do I remind you of blistering nitroglycerine rhyme  
assault?  
Vails venomous radio occult  
A commision of ?exactoplay? spitting indults  
Nice to make your acquaintance sorry I beat you to a  
pulp  
A more relationship to dope shit but now it'll be pretty  
obvious  
My voice is the last thing you hear, before you slip into

unconsciousness  
I promise, this will be a trip you'll never unclip  
Unless you feel the hammer paste strip straight  
through your lip  
I love to grip a strip off my sworn opposites  
Swarmith the unit of hornets who love to sting shit  
Bring me my mic case I wanna slice 'em to bits  
Start at the body dicing 'em open and stroll his dip  
Alarm trip, someone skip the trip wire  
Skip with barbed wire ruler hanger wire empire  
Hey driver, any survivors?, anyone liver?  
Anybody in the line of fire?  
Anybody ever been bloody by somebody everybody  
thought was a supplier?  
I spent years under my golden voice of fire...  
We busting out from underneath
