Intro:

Madchild [Prevail]:

Yo Prev [Whats up]

Im thinking man

We dont always have to talk about dungeons and dragons all the time, you

know? [hmmm]

We dont have to make things so complicated [no doubt]

Lets take this back and show them how we can do this too [word]

[Verse 1: Prevail]

Deep, Im using canyons

You cant get by the cannon [no way]

Season veterans, the hawk has landed

Toxic tandem, the docotorum of mad men

The planet of apes is now a main attraction

How does it happen? If I knew id tell ya

They'd probably try to say I worshiped devils in the cellar

It's just a slight of hand, like Penn and Teller

The mighty dollar, is taller than the scholar

Ask your neighbourhood martyr about the fire starter

People are driven to buildings when I let it out my system

Built my the hands of man and women

Thinking of quitting? Nows the time

Theres more job oportunites at the back of the line

Applications, and registrations

Feels more like an investigation

Now hows that for a demonstration

4, 3, 2, 1

Go back to the essence

What were gunna do right here... take it back to the basics

Swollen members, word

What were gunna do right here... is go back

Go back to the essence

What were gunna do right here... take it back to the

basics

[Verse 2: Madchild]

Eh yo, we all get older, rhymes get bolder
Series of events makes the heart grow colder
Started off with 2, now we got mad soldiers
Battle Axe warriors, bitch, I thought I told ya
Heinekens on stage, never rock shows sober
Spit venom over cobra, hatched in october
Libra scorpion is taking over
Still the silver surfer, I aint trippin on nova
Introducin Madchild, ladies and gentleman
Lets give a big round of applause for adrenalin
You aint right, Im a fucking phantom at night
That wheres a mask by day, with a temper tantrum
Dont light my fuse, 'cause if this dynamite blows up in
your face
There wont be no one left to clean up the place
Swollen Members adds up to one thing, and you can
quote this
Temporary relief for the hopeless

What were gunna do right here... is go back
Go back to the essence
What were gunna do right here... take it back to the
basics
x2

Verse 3: Prevail, Madchild

[Prevail]

Prisons that are made by the minds of lethals
Truly blind, it confinds all people
Make you wanna call out for water and bread
My name is Prev One I put the thought in your head
[Madchild]

Mannic depressant, I panic from too much stressin
Of course Im second guessin cause life is just a
question

Keep your suggestions, we aint hearin you guys
My name is Madchild I put the fear in your eyes

[Prevail]

Grey skys, disguise my chariot
Ill ???????? to mezmorize the arrogant
Clear the area, and change the false
Pathetic speakers that lead the lost
[Madchild]

We feed the need to work and conquer at all costs
Underground so there aint nothing to fall off
Never spoke soft, so what if we get broke

We aint the type of people thats meant to make a joke
of

What were gunna do right here... take it back to the
basics

What were gunna do right here... is go back
Go back to the essence
